

# nexus:gs how to find us...

Come off the Coventry Ring Road at Junction 9 and take the B4098 Radford Road (signposted for Radford and Keresley). Stay in the right lane (of the dual carriageway) and after about 100 yards take the right filter lane (with traffic lights) signposted Canal Basin and Crafts. Turn right on to Light Lane and follow the road round (it turns left, right then left) until you come down the hill. Turn right on to Electric Wharf (after the blue fencing). Park in the marked spaces past the black security gates. Walk through the pedestrian gates, C11 Generator Hall is on your right hand side approximately half way along.

**Nexus GS Ltd**  
**C11 Generator Hall,**
